

## **2011 CENTRAL PENNSYLVANIA SKEET LEAGUE**

**We're busy preparing for the 2011 Central Penn Skeet League and this year there is a significant change in the schedule. You may have heard that the Harrisburg Hunters and Anglers Board of Directors halted all skeet and trap shooting as of November 30, 2010. After concerted deliberation by the CPSL Officers and Club Representatives we have decided to make the following change for 2011. The two shoots that would be held at Harrisburg will be held at Carlisle. The former Harrisburg shooters will either remain together and compete as a Team shooting out of Carlisle, or they will become members of the Carlisle Club at which point two distinct Carlisle Teams will be formed. Either way they will be available to work the four shoots that will be held at Carlisle. At the end of the 2011 season we can discuss continuing this arrangement or consider alternatives.**

**The entry fee for 2011 remains \$20 for Adults and \$10 for Juniors. We will continue the Optional Lewis Class Purse, with the fee of \$5.00 per shooter. The number of Classes will be based upon five scores per Class, (1) winner per Class, and in the case of ties within the Class, (2) winners will be determined by long run, equally dividing the Class prize money. All prize money will be a credit to be used at an upcoming shoot. Unused credit will be paid at the end of the season. We will continue a 50/50 cash drawing at each shoot to defray the awards and banquet costs. Please support this drawing and maybe win cash!**

**In addition to the Team, High Overall and Runner-up awards, we will have individual prizes awarded to HOA in Classes AA, A, B, C, D, & E. Your season ending Class will be based upon your best (600) targets averaged and classed from the NSSA 12 Gauge Classification table.**

**Have a great holiday and hunting season as we look forward to another fun skeet year and seeing you at all of the shoots, regardless of the weather! Shoot straight and hope for two at low eight!**

## **CENTRAL PENNSYLVANIA SKEET LEAGUE 2011 RULES**

**Shoots are scored as (2) 50 target shoots and may be shot over one or both days of the weekend, schedule permitting. There will be no make-ups or shooting ahead.**

**(800) total targets can be shot with the best (600) targets counting for your individual score. You must shoot a minimum of (600) targets to be eligible for individual or team awards. (600) targets earn you two tickets while (500) targets earn you one ticket to the season ending banquet.**

**The top (5) highest individual scores of each Club/Team at each shoot will count as the Club/Team score. Club/Team scores will be cumulative throughout the season to count as the Club/Team final score to determine the League Champion.**

**If necessary to determine a Club/Team score for any particular shoot, Blind Scores will be used and will be the lowest score of any League shooter at that shoot.**

**Individual awards for HOA in Class AA, A, B, C, D, & E, with your season ending Class based upon your best (600) targets averaged and classed from the NSSA 12 Gauge Classification table.**

**Pre-squadding is required, but walk-ons can be added to open spots if available. However, the host club is not required to remain open for walk-ons after the last pre-scheduled squad of the day is finished. Please call the club representative or clubhouse for availability if you have not pre-squadded.**

**Field assignments are determined and subject to change by club management in the best interest of efficient operation, not subject to preference of the shooters.**

**For inclement weather questions contact the club representative or clubhouse. Once the first squad begins shooting on either day, that entire day is considered official and all scores shot will be recorded. If no squad begins on a day due to bad weather, then it is officially postponed. The host club will schedule a make-up date, before the next shoot, for only those shooters who were originally pre-squadded for the postponed day. No other shooters can shoot the make-up day.**

**NSSA rules will be followed and enforced, including mandatory eye and ear protection.**
